TRICARE is the Department of Defense’s (DoD’s) worldwide health care program available to eligible beneficiaries from any of the seven uniformed services—the U.S. Army, U.S. Navy, U.S. Air Force, U.S. Marine Corps, U.S. Coast Guard, Commissioned Corps of the U.S. Public Health Service, and the National Oceanic and Atmospheric Administration. *TRICARE Overseas Program: At a Glance* provides an overview of overseas medical, pharmacy, and dental options, and their associated costs. International SOS Government Services, Inc. (International SOS) administers the TRICARE Overseas Program (TOP) benefit. Eligibility for TRICARE is determined by law and the services and information is maintained in the Defense Enrollment Eligibility Reporting System (DEERS). It is important for sponsors to keep DEERS records up to date. For eligibility, enrollment, cost, and coverage details, visit www.tricare.mil or contact your TOP Regional Call Center. See the *For Information and Assistance* section of this brochure for contact information.

TRICARE OVERSEAS PROGRAM OPTIONS

You are eligible for different programs based on your beneficiary category, location, and entitlement to Medicare. Use the chart below to determine your options. Additional program details are listed in this brochure. Your options may change if you move, if your sponsor changes location or status, or if you have a life event such as getting married or becoming entitled to Medicare Part A. For assistance with health care coverage when moving or traveling, contact your TOP Regional Call Center or TRICARE Service Center, or visit www.tricare-overseas.com.

1. *Qualified adult-age dependents may purchase coverage through the TRICARE Young Adult (TYA) program. For more information on TYA, see the Program Descriptions and Enrollment Costs section of this brochure.*
2. *The National Guard and Reserve includes the Army National Guard, Army Reserve, Navy Reserve, Marine Corps Reserve, Air National Guard, Air Force Reserve, and Coast Guard Reserve. For more information about benefits for the National Guard and Reserve, visit <http://ra.defense.gov>.*
3. *ADFMs who have Medicare Part A are not required to have Medicare Part B to remain eligible for TRICARE. ADSMs and ADFMs have a special enrollment period, which is available anytime the sponsor is on active duty or within eight months following either (1) the sponsor's termination of employment or (2) the end of TRICARE coverage, whichever is first. If you sign up for Medicare Part B after your special enrollment period, you may have to pay a premium surcharge for as long as you have Part B. The cost of Medicare Part B will go up 10 percent for each full 12-month period that you could have had Medicare Part B, but did not. **Note:** ADSMs and ADFMs with end-stage renal disease do not have a special enrollment period and, therefore, should enroll in Medicare Part B when first eligible to avoid paying the Part B premium surcharge for late enrollment.*

Continued Health Care Benefit Program: Option after TRICARE Eligibility Ends

The Continued Health Care Benefit Program (CHCBP) is a premium-based health care program available for purchase by former TRICARE-eligible members and their eligible family members, former spouses who have not remarried, emancipated children, and unmarried children by adoption or legal custody. CHCBP offers transitional coverage after TRICARE eligibility ends for up to 18 months for former service members and their family members, and up to 36 months for former spouses who have not remarried and for adult dependents. If you qualify, you can purchase CHCBP within 60 days of losing TRICARE or Transitional Assistance Management Program eligibility. CHCBP benefits and rules are similar to those under TRICARE Standard, but you must pay quarterly premiums. For fiscal year (FY) 2015 (*October 1, 2014–September 30, 2015*), quarterly premiums are \$1,275 per individual and \$2,868 per family. For more information, contact the CHCBP administrator, Humana Military, at **1-800-444-5445** or visit **Humana-Military.com**. **Note:** CHCBP enrollees are not legally entitled to space-available care at military hospitals or clinics.

The WIC Overseas Program provides participants and their families with important benefits including nutrition and health screenings, nutritious food, tips on how to prepare balanced meals, and access to other resources that help them lead healthier lives.

The WIC Overseas Program is available to eligible participants living overseas including active duty service members (ADSMs) and their family members, DoD civilian employees and their family members, and DoD contractors and their family members.

Those who may be eligible for the WIC Overseas Program include:

- Pregnant women—during pregnancy and throughout the first six weeks after giving birth
- Mothers—until the infant is 6 months old if bottle-feeding or 1 year old if breast-feeding
- Infants and children—until the end of the month in which they turn age 5

Contact your local WIC Overseas Program office to determine if you and your children are eligible for the WIC Overseas Program. Philippine Demonstration

For the most up-to-date information and to find an approved demonstration provider or a certified provider in the Philippines, visit www.tricare-overseas.com/philippines.htm.

If you reside in the Philippines and use TOP Standard, TRICARE For Life (TFL), TRICARE Reserve Select (TRS), TRICARE Retired Reserve (TRR), or TRICARE Young Adult (TYA) Standard, you are eligible to participate in the Philippine Demonstration. Eligibility is determined by your physical address listed on health care claims, regardless of the address listed in DEERS. TOP Standard beneficiaries using a Philippine APO/FPO address on the *TRICARE DoD/CHAMPUS Medical Claim—Patient's Request for Medical Payment* form (DD Form 2642) for medical care received in Phase I–III designated demonstration areas are required to follow the rules of the Philippine Demonstration to ensure that TRICARE cost-shares their claims.

When seeking care within designated demonstration areas, you are required to see approved demonstration providers who have agreed to comply with TRICARE requirements and business processes in order for TRICARE to cost-share your health care claims. Within designated demonstration areas, **you will be responsible for the full cost of care** if you do not seek care from an approved demonstration provider or if you do not request and receive a waiver. If you get care outside the Philippine Demonstration areas, TRICARE will only cost-share the claim if the provider is certified.

If you travel to the Philippines, you must see a certified provider. The Philippine Demonstration does not apply to pharmacy or dental services. For the most up-to-date information and to find an approved demonstration provider or a certified provider in the Philippines, visit www.tricare-overseas.com/philippines.htm.

TRICARE For Life Costs

If you are entitled to Medicare Part A, you generally must have Medicare Part B to remain TRICARE-eligible, regardless of age or place of residence. This is a requirement based on federal law governing these programs. If you are eligible for TRICARE and have Medicare Part A and Medicare Part B, you are automatically covered by TFL.

Medicare covers health care received in the United States and U.S. territories (*American Samoa, Guam, the Northern Mariana Islands, Puerto Rico, and the U.S. Virgin Islands*). In these locations, Medicare pays first and TFL pays second; however, TFL pays last if you have other health insurance (OHI). Medicare also pays before TRICARE when TFL beneficiaries receive care aboard ships in territorial waters adjoining the land areas of the United States and U.S. territories. For more information, visit www.tricare.mil/tfl.

Medicare does not provide coverage outside the United States, U.S. territories, and ships in U.S. territorial waters. Therefore, TFL is your primary payer for health care received in all other overseas locations, unless you have OHI. Overseas, TFL works like TOP Standard for retirees, with the same annual deductible and cost-shares. To seek reimbursement for overseas care, submit a claim, a copy of your provider's itemized bill with a diagnosis narrative, proof of payment, and, if applicable, your OHI's explanation of benefits to the TOP claims processor. For more information, visit www.tricare-overseas.com or contact your TOP Regional Call Center.

2. If laboratory or X-ray services are performed by an office visit provider on a date different from the office visit or performed by a different provider (e.g., an independent laboratory or radiology facility), even if performed on the same day as the related office visit, the beneficiary owes a separate applicable copayment or cost-share for those services. Copayments and cost-shares will not apply for laboratory or X-ray services when they are provided for certain clinical preventive services.

3. Certain clinical preventive services do not have cost-shares (e.g., well-woman exam). Call your TOP Regional Call Center for more information, or visit www.tricare-overseas.com.

4. TRICARE does not cover purely custodial care. Skilled nursing facility care is only available in the United States and U.S. territories (American Samoa, Guam, the Northern Mariana Islands, Puerto Rico, and the U.S. Virgin Islands).

TRICARE PHARMACY OPTIONS

TRICARE offers comprehensive prescription drug coverage and several options for filling prescriptions. You may fill prescriptions at military pharmacies, through TRICARE Pharmacy Home Delivery, at TRICARE retail network pharmacies, or at host nation pharmacies. Host nation pharmacies are non-network; therefore, you will pay the full cost up front and file a claim for reimbursement with International SOS. You need a prescription and a valid uniformed services identification card or Common Access Card to fill prescriptions in all overseas locations including the U.S. territories of Guam, the Northern Mariana Islands, Puerto Rico, and the U.S. Virgin Islands. Currently, there are no retail network pharmacies in American Samoa.

TRICARE covers smoking-cessation prescription and over-the-counter medications. For more information, visit www.tricare.mil/tobacco cessation. Visit www.tricare.mil/pharmacy for questions about the TRICARE pharmacy benefit. Use the formulary search tool at www.tricare.mil/pharmacyformulary to find costs for specific medications.

TRICARE Active Duty Dental Program Costs

Most overseas ADSMs receive dental care from overseas military dental clinics. International SOS coordinates dental care services for ADSMs in remote overseas locations. When ADSMs enrolled in TOP Prime or TOP Prime Remote are in the United States or U.S. territories (*American Samoa, Guam, the Northern Mariana Islands, Puerto Rico, and the U.S. Virgin Islands*) for duty or leave, they may receive emergency care from civilian providers through the ADDP. This care is limited to emergency care and should be coordinated with the contractor, United Concordia Companies, Inc., to ensure prompt payment.

Note: Treatment plans, including routine care, that exceed \$750 per episode or \$1,500 per calendar year require prior authorization and approval from the TRICARE Area Office Dental Consultant (*or designee*).

Nonparticipating Non-Network Host Nation Provider	Has not agreed to participate in TOP	<ul style="list-style-type: none"> May not provide cashless/claimless service; beneficiaries may be required to pay up front and file a claim for reimbursement

1. For the most up-to-date information and to find a Philippine approved demonstration or certified provider, visit www.tricare-overseas.com/philippines.htm.

2. Beneficiaries who are eligible to participate in the Philippine Demonstration must give the approved demonstration provider their physical home mailing address to pay the reduced costs. TOP Standard beneficiaries using a Philippine APO/FPO address on the TRICARE DoD/CHAMPUS Medical Claim—Patient's Request for Medical Payment form (DD Form 2642) for medical care received in Phase I–III designated demonstration areas are required to follow the rules of the Philippine Demonstration to ensure that TRICARE cost-shares their claims.

3. Individuals in other locations should check if local restrictions apply in their areas. For more information, call your TOP Regional Call Center.

TRICARE nonparticipating non-network providers may charge up to 115 percent of the TRICARE-allowable amount in the United States and U.S. territories (*American Samoa, Guam, the Northern Mariana Islands, Puerto Rico, and the U.S. Virgin Islands*). Overseas, there may be no limit to the amount that nonparticipating non-network providers may bill, and you are responsible for paying any amount that exceeds the TRICARE-allowable charge, as well as applicable deductible and cost-share amounts. **Note:** Claims for services received outside the United States and U.S. territories must be filed within three years. Claims for services received in the United States and U.S. territories must be filed within one year. You must submit proof of payment with all overseas claims. TRICARE Health Plan Costs

Enrollment Fee

The annual payment TRICARE Prime enrollees are required to make. There are no TRICARE Prime enrollment fees for ADSMs or ADFMs. Enrollment fee amounts are set by federal law.

Premium

Regular and recurring payments that beneficiaries in premium-based TRICARE programs (*i.e.*, TRS, TRR, and TYA) and CHCBP are required to make. Premium amounts are a percentage of the total cost of health care coverage.

Medicare Part B Premium

The monthly payment that Medicare enrollees make to cover services provided under Medicare Part B, including provider services, outpatient care, home health care, durable medical equipment, and some preventive services. People who are entitled to Medicare Part A due to age or another reason are considered Medicare-eligible and must generally have Medicare Part B to keep the TRICARE benefit.

Annual Deductible

The annual amount a beneficiary must pay for covered outpatient benefits before TRICARE begins to cost-share. TRICARE Prime beneficiaries and families of National Guard and Reserve members activated in support of a contingency operation do not have an annual deductible, unless they are using the point-of-service (POS) option.

Catastrophic Cap

The catastrophic cap is the maximum out-of-pocket amount an individual or family pays each FY (*October 1–September 30*) for TRICARE-covered services. Beneficiaries are not responsible for any amounts above the catastrophic cap in a given FY, except for services that are not covered, POS charges, and the additional 15 percent that nonparticipating providers may charge above the TRICARE-allowable charge. **Note:** POS deductibles, cost-share amounts, and TRS, TRR, TYA, and CHCBP premiums are not creditable to the catastrophic cap.

ADFM and TRS: \$1,000 per family, per FY

Retirees, their families, TRR, and all others: \$3,000 per family, per FY

Copayment

The fixed amount a TRICARE Prime enrollee (*except ADSMs or ADFMs*) will pay for health care services.

Cost-Share

The percentage a TRICARE beneficiary must pay for covered inpatient and outpatient services (*other than the annual deductible or disallowed amounts*). The cost-share depends on the TRICARE option used and the sponsor's status (*i.e.*, *active duty or retired*).

Point-of-Service Option

The POS option allows TRICARE Prime beneficiaries to pay additional out-of-pocket fees to receive nonemergency health care services from any host nation provider without requesting a referral. Out-of-pocket expenses you pay under the POS option are not applied to your annual catastrophic cap. **Note:** The POS option does not apply to ADSMs, newborns or newly adopted children in the first 120 days after birth or adoption overseas, emergency care, clinical preventive care received from a network provider, the first eight mental health care outpatient visits per FY to a network provider authorized under TRICARE regulations to see patients independently for a medically diagnosed and covered condition, or beneficiaries with other health insurance.

POS deductible: \$300 (*individual*); \$600 (*family*)

POS cost-share: 50 percent after POS deductible is met

Prohibition of Waiving Deductible and Cost-Shares

When using TOP Standard, TRS, and TRR, you are responsible, under law, to pay an annual deductible and cost-shares associated with your care. The law prohibits health care providers from waiving the deductible or cost-shares, and providers who offer or advertise that they will do so can be suspended or excluded as TRICARE-authorized providers.

Proof-of-Payment Requirements Overseas

You must submit proof of payment with all overseas claims. Proof of payment is necessary for TRICARE to validate claims and safeguard benefit dollars. Proof of payment may include a receipt, canceled check, credit card statement, or invoice from the provider that clearly states payment was received. If you have questions regarding proof-of-payment requests, claims submissions, or the status of a submitted claim, contact your TOP Regional Call Center and select option 2 for claims assistance or visit www.tricare.mil/claims.

FOR INFORMATION AND ASSISTANCE

You can sign up to receive TRICARE news and publications via e-mail at www.tricare.mil/subscriptions. To sign up for benefits correspondence by e-mail, visit <http://milconnect.dmdc.mil>. The Affordable Care Act, also known as the health care reform law, requires that individuals maintain health insurance or other health coverage that meets the definition of “minimum essential coverage” beginning in 2014. The TRICARE program meets the minimum essential coverage requirement. Most people who do not meet this provision of the law will be required to pay a fee for each month they do not have adequate coverage. The fee will be collected each year with federal tax returns.
