

# TRICARE® Eligibility

General TRICARE eligibility information for sponsors and their family members

TRICARE is the Department of Defense's worldwide health care program available to eligible beneficiaries from any of the seven uniformed services—the U.S. Army, U.S. Navy, U.S. Air Force, U.S. Marine Corps, U.S. Coast Guard, Commissioned Corps of the U.S. Public Health Service, and the National Oceanic and Atmospheric Administration. Eligibility for TRICARE is determined by the services and information is maintained in the Defense Enrollment Eligibility Reporting System (DEERS). Keeping your information up to date in DEERS is key to ensuring TRICARE eligibility for you and your family. All uniformed service sponsors (active duty, National Guard and Reserve, and retirees) should ensure that their military career status, family events (e.g., marriage, divorce, birth, adoption), and residential address are current in DEERS at all times. All beneficiaries must be registered in DEERS to be eligible for TRICARE, except for newborns and newly adopted children, who should be registered in DEERS as soon as possible to ensure continued TRICARE coverage. DEERS registration may be completed at uniformed services identification (ID) card-issuing facilities.

You have several options for updating and verifying your DEERS information:

# YOUR TRICARE BENEFIT AND THE AFFORDABLE CARE ACT

The TRICARE program meets the minimum essential coverage requirement. Most people who do not meet this provision of the law will be required to pay a fee for each month they do not have adequate coverage. The fee will be collected each year with federal tax returns.
