# Important Information !!!

## Updated Information

### Exercise Physiologist:

Now at FT. Meade and Fairfax

### Bariatric Office Hours:

Monday: **Closed**

Tuesdays – Thursday: 0730-1600

### Endoscopy:

Will be determined at your one-on-one appointment with the surgeon after all of your surgical checklist is **complete**.

## Ft. Belvoir Community Hospital

### Checklist:

Your Checklist must be completed and physically present at your Pre-Surgical appointment with the surgeon.

### Sleep Study:

If a CPAP machine is recommended or you have one at this time, you must have it ready. Expectations are for you to use your machine. We will be measuring 2 week intervals ensuring you are using it a minimum of 5 hours per night. Due to the safety issue related to your sleep apnea, **this is non-negotiable with the staff.**
